Tradition Renewed

THE RAV, RABBI JOSEPH B. SOLOVEITCHIK ZT"l

The Rav embodied the maxim Torah U'Madda, a maxim that drives everything we try to accomplish at Koren Publishers and Maggid Books.

We are privileged to continue sharing the teachings of Rabbi Soloveitchik through his own works and those of his many thousands of students.

Let There Be Light

Genesis: The Simple Meaning of the Text

Hayim ben Yosef Tawil with Richard J. Rinberg

What is the plain, simple meaning of the biblical text of Genesis?

For a millennium, various Semitic languages have been used in biblical studies. Aramaic, a common language in late antiquity, was used to help interpret biblical Hebrew. Beginning in the Middle Ages and continuing through the nineteenth century, the most important comparative language for biblical scholarship was Arabic.

However, beginning in the late nineteenth century with the vast archeological discovery in Mesopotamia, Akkadian was the language that shed new light on biblical text, clarifying many words, idioms, customs, and other cultural material.

Our commentary utilizes these magnificent texts to better penetrate into the ancient language of the Book of Genesis.

In the Beginnings

Discovering the Two Worldviews Hidden within Genesis 1-11

David Harbater

"David Harbater has written an astounding book; in many ways it is one of a kind... I urge all readers to suspend their standard assumptions and convictions, to ignore conventional party lines and open up to learn Genesis 1-11 with a master teacher, one who is an inspired reader with a thousand theological insights. You will be rewarded with new insight after new insight that will inspire and dazzle, and drive you to read the Torah with fresh eyes."

Yitz Greenberg, leading American theologian and rabbi, and author of *The Jewish Way, For the Sake of Heaven and Earth, and Covenantal Pluralism*

Putting God First

Jewish Humanism after Heidegger

Alick Isaacs

Putting God First: Jewish Humanism after Heidegger tackles the challenge of maintaining Jewish identity in a world dominated by Western humanism. It argues that the Holocaust reflects more broadly on contemporary humanism than the Jewish world has ever dared to acknowledge. It advances the view that the establishment of the State of Israel presents a profound historical opportunity to disentangle Jewish thought from elements of the Western humanist tradition that threaten Jewish survival and conceal from view the plausibility of core Jewish ideas and values. The work proposes that a healthy and peaceful relationship between Westernism and a robust Jewish identity can be achieved only by unraveling the two, and it presents a philosophical path for achieving this.

THE COMMENTARIES OF
**RABBI SAMSON
 RAPHAEL HIRSCH**

*As relevant, as
 inspiring - as ever!*

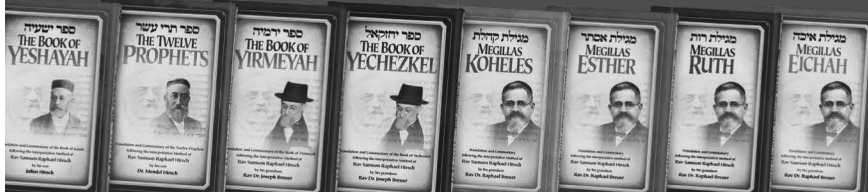

Rabbi Samson Raphael Hirsch wielded his pen in response to a world in which Jews were increasingly exposed to the modern world. His words – ever timely, ever timeless – remain an inspiring response to the challenges we face today. Rav Hirsch's brilliant commentaries – on Chumash, Tehillim, Siddur, Sefer Mishle, Pirkei Avos, Haggadah; nine volumes of essays that address every aspect of Jewish life – are all imbued with his unique approach to revealing layers of meaning in Torah.

Discover the depth, beauty, and inspiration inherent to every aspect of our sacred tradition within the pages of Rav Hirsch's works.
